

FLEXSHADE

EXTERIOR SOLAR & INSECT
SCREEN SYSTEMS

A FUTUREGUARD COMPANY

← SCREEN WIDTHS UP TO 25' WIDE →

Our **NEW FlexShade XL** allows you to have zip screen coverage up to 25-feet wide! Enjoy unobstructed views as the fresh air flows in to your favorite space. Its unique construction firmly supports the fabric roll so there is no screen distortion. When closed, the entire roll fits within a subtle 5-inch headbox.

← EXTRA WIDE SCREEN. EXTRAORDINARY VIEW. →

EXCLUSIVELY FROM NUIMAGE PRO®

The FlexShade Zip XL!

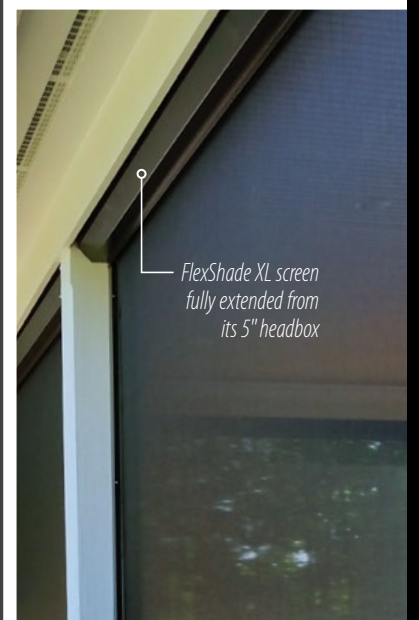

EXTRA-WIDE INSECT CONTROL & SHADE FOR UNOBSTRUCTED VIEWS!

THE FLEXSHADE ZIP XL

INNOVATIVE DESIGN PLUS SUPERIOR QUALITY MAKE THE PERFECT ZIP SCREEN FOR WIDTHS UP TO 25-FEET! ITS PATENTED FLOATING ROLLER TUBE HOLDS THE FABRIC ROLL SECURELY IN A DISCREET 5" HEADBOX, SO THERE IS NO SAG, NO CURL, AND NO SCREEN DISTORTION.

- Up to 25-feet wide in a 5" head box.
- The patented floating roller tube virtually eliminates wrinkles due to no roller tube deflection.
- The head box color and design matches all the other FlexShade head boxes for a consistent look on all screens on your project.

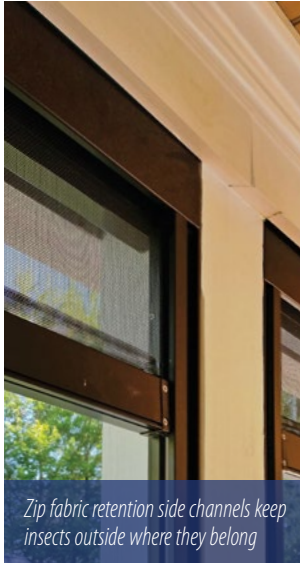

FlexShade XL screen fully extended from its 5" headbox

Zip System

SCREEN SOLUTIONS FOR
SOLAR & INSECT CONTROL

- Controls solar heat gain, light & glare
- Blocks out insects
- Durable & wind-resistant

Zip fabric retention side channels keep insects outside where they belong

Headbox neatly contains the screen when closed

- Excellent for windows, large patio openings, and creating screen enclosures.
- Blocks up to 90% of solar heat transmission and can lower air conditioning costs by up to 60%.
- Available in custom sizes up to 25' wide and/or 16' tall with a wide selection of mesh solar shade fabrics and insect screens.
- Decorative and durable powder coated, extruded aluminum housings are available in angled, curved and square profiles, six color choices and feature sealed ball bearings for smooth, quiet operation.
- Low profile 1 $\frac{5}{8}$ " wide fabric retention side channels designed to hide the installation screws and electrical wiring.
- Very wind resistant: Wind tunnel tested up to 90 MPH.
- Zip 127 has motorized operation only, utilizing Somfy® brand motors. Zip 92 is available with gear operation up to 96" wide with a 78" drop.

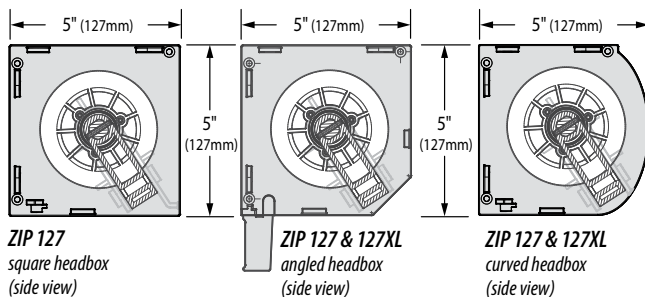

Comprehensive warranty: See NulmagePro.com for complete details

THE FLEXSHADE ZIP SYSTEM

THANKS TO ITS BUILT-IN SIDE CHANNEL FABRIC RETENTION SYSTEM, THE ZIP-SCREEN'S SIDES STAY CONCEALED AND SECURED TO HELP PROTECT AGAINST INSECTS AND THE SUN WHILE PROVIDING DAYTIME PRIVACY.

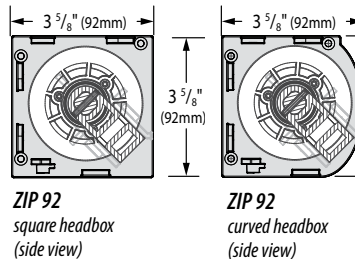

FlexShade ZIP 127 & 127XL:

Custom sizes up to 25' wide and/or 16' tall

FlexShade ZIP 92:

Custom sizes up to 10' wide and/or 6' 6" tall

UNIVERSAL COLOR CHOICES

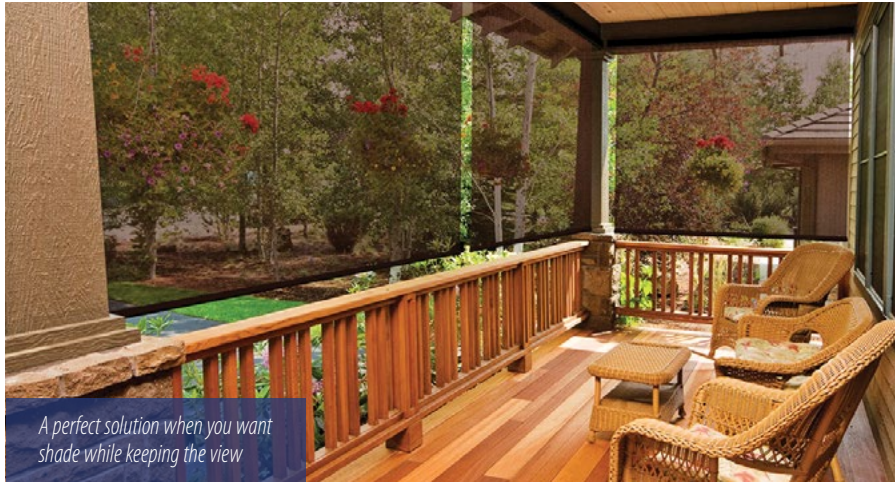

Select from a wide array of screen colors and opacities

Non-Zip System

SHADE SOLUTIONS
FOR SOLAR CONTROL

- Controls solar heat gain, light & glare
- Various installation options available

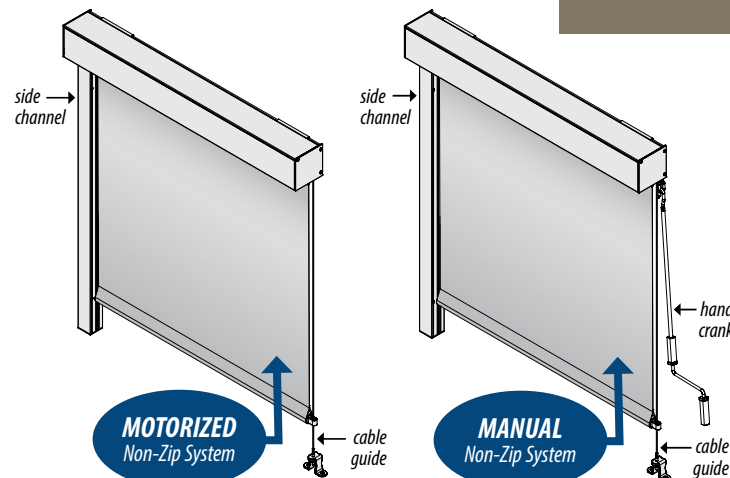

- Excellent for small patio and porch openings.
- Available in sizes up to 11' wide and/or 11' tall with a wide selection of mesh solar shade fabrics.
- Decorative and durable powder coated frame finishes in 6 colors.
- Available with either 1½" side channels or stainless steel, nylon coated side cables.
- FlexShade Non-ZIP is available with a manual hand-crank or motorized operation. Motorized operation utilizes Somfy® brand motors and controls.
- Not intended for insect control.

Comprehensive warranty: See NulmagePro.com for complete details

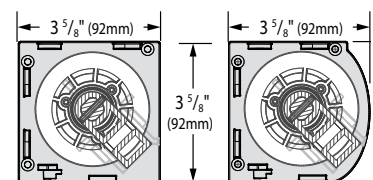

THE FLEXSHADE NON-ZIP SYSTEM

CHOOSE SIDE CHANNELS OR CABLES TO KEEP YOUR NON-ZIP SHADE IN PLACE IN LIGHT BREEZES. UNLIKE THE ZIP SYSTEM, THE FABRIC IS NOT SIDE-SECURED AND SHOULD NOT BE LOWERED IN WINDY CONDITIONS.

FlexShade Non-ZIP Shade System:

Sizes up to 11' wide and/or 11' tall

Motorized or Manual Operation
square headbox
(side view)

Motorized Operation only
curved headbox

Smooth, quiet functionality at the push of a button!

SOMFY® BRAND MOTORS AND REMOTE CONTROL SYSTEMS HAVE RESHAPED THE INDUSTRY!
FROM SINGLE BUTTON CONTROL TO A FULL HOME AUTOMATION INTERFACE,
SOMFY HAS THE PERFECT SOLUTION!

somfy®

Somfy® Motor Systems has proven its quality with over 270 million happy customers. That's pretty impressive! And, that's why Nulmage Pro® has chosen Somfy exclusively for the motorization and functionality of our Exterior Screen Systems.

Somfy® myLink™ App for your mobile devices

Harness the power of your Flexshade Screen Systems using a smart phone or tablet! Download the app and easily control your motorized shade systems remotely with just a simple tap. Somfy® helps to maximize your energy savings, UV protection, and privacy while you're away from home.

Ondeis™ WireFree RTS Rain and Sun Sensor

Wireless, solar-powered technology! This sensor opens and closes your shades automatically by assessing rainfall and sun measurements.

CREATE YOUR OWN COMFORT ZONE!

Nuimage Pro® FlexShade screen technology gives you power over the sun at the push of a button. Custom fit to your home, they regulate your interior and exterior comfort while providing shade and glare control over windows and patio areas, protecting you against wind and insects. If you enjoy sleek, durable and understated products made from the best quality materials, FlexShade screen systems will be a perfect fit for you and your home!
